Commenting on the results, **Mr. H P Singh, Chairman and Managing Director**, said, “The performance during the quarter was impacted due to demonetization. The states where we were operating were majorly hit, namely Uttar Pradesh, Madhya Pradesh and Punjab, as compared to the rest of the country. We went through this challenging phase with a great deal of motivation and zest. We are pleased to inform that we have been able to improve the collection efficiencies in all these states significantly compared to the early days of demonetization. The situation on the ground is now returning back to near normalcy in most of our geographies. We are encouraged by the strong improvement in collections seen since last November. The recent investment by ADB is a testimony to our legacy of supporting financial inclusion in the country. Having successfully navigated the demonetization phase, we are now gearing up for growth. For this we have taken the Board’s approval to raise Rs. 3,000 mn of fresh equity capital. The new technology, now implemented across 180 branches, will be fully rolled out across all branches by Sep end and this will give us better operating efficiencies going forward.”
