Speaking on the company's performance during the quarter, **Mr. H P Singh, the Chairman and Managing Director said**, "Last quarter we returned back into profitability and this quarter we have further built on from that momentum with our PBT and PAT doubling versus last quarter. The credit for this goes to our operations team that has worked relentlessly to make this possible. The overall collections on our new portfolio, disbursed Jan 2017 onwards, stands at 98%. We have also reduced the UP concentration to 34.7% from 36.9% as of Sep 2017. We have further managed to reduce the zero paying clients by nearly 20,000 clients – a remarkable turnaround which not only showcases the true strength of the JLG business model and but also Satin's commitment towards financial inclusion."

**Mr. Singh** further added, "We have also launched the operations for our Housing Finance subsidiary during this month. We see a big potential for this subsidiary to expand and to offer our clients a quality value added service in terms of their requirement for affordable housing. During the current quarter, we have started disbursement under Business Correspondent tie-up with IndusInd Bank. We are enthused by the success of our MSME portfolio and will be looking to further add scale here. We are on track to meet the full year guidance of Rs. 5,500 Cr AUM by Mar 2018."

During the quarter, Satin successfully closed a QIP transaction and a preferential allotment transaction thereby resulting in an improvement in company's CRAR (Capital to Risk Assets Ratio) to 26.6%, from 20.9% as of Sep 30, 2017. This gives the company ample headroom to capitalize on growth opportunities.

### About Satin Creditcare Network Limited

Satin Creditcare Network Limited (SCNL or "Satin") was conceptualized and founded in 1990 by Mr. HP Singh - a qualified Chartered Accountant with over 25 years of experience in retail finance industry. In around 27 years since its inception, Satin today is India's second largest MFI (as of Sep 2017) having started its journey with individual micro loans to urban shopkeepers. Today, the Company has an established, scalable and a sustainable business model. On a consolidated basis, Satin had an AUM of Rs. 4,882 Crores as on Dec 31, 2017.
